**Attachment to DZ BANK response to the Targeted consultation on the review of the revised payment service directive (PSD2)**

Dear Sir or Madam,

We kindly would like to provide some additional information to our response to the Targeted consultation on the review of the revised payment service directive (PSD2).

The DZ BANK Group forms part of the German "Volksbanken Raiffeisenbanken Cooperative Financial Network". Within the Cooperative Financial Network, DZ BANK AG functions both as a central institution for all cooperative banks in Germany (e.g. as a central payment infrastructure provider and payments hub) and as a corporate and investment bank.

DZ BANK responds to this survey on its own behalf but in close cooperation with the German Banking Industry Committee and the European Association of Co-operative Banks.

We support the answers and arguments of our national and European banking associations in general and added our own point of view where appropriate due to the market position of DZ BANK mentioned above.

Please do not hesitate to contact us if you have further questions.
