CALL FOR APPLICATIONS FOR THE SELECTION OF MEMBERS OF THE HIGH LEVEL FORUM ON CAPITAL MARKETS UNION

1. Background

DG FISMA has set up a group of experts (“the group”).

The single market for capital is one of the cornerstones of Europe’s integration and a source of sustainable economic growth. The Capital Markets Union (CMU) project aims at creating more integrated capital markets to increase regional cohesion by ensuring equal access to investments and funding opportunities for citizens and businesses across the EU, irrespective of their geographical location. Increased financial integration would also generate economies of scale, which would reduce the cost of capital, allow firms to raise capital more easily, facilitate direct (foreign) investments and make the EU a developed global hub for financial services. The need to complete the Economic and Monetary Union (EMU) and the possible departure of the United Kingdom from the European Union make CMU even more important to deliver a more stable, innovation-based and sustainable economic growth.

The Commission is calling for applications with a view to selecting members of a high-level policy forum on the future of CMU. The High Level Forum on Capital Markets Union (HLF) will bring together highly experienced industry executives and top international experts and scholars feed into the work on the future CMU policies.

The group’s tasks should aim at proposing targeted policy recommendations for future possible actions in the area of CMU, to ensure that citizens and businesses can access capital markets across the EU on equal terms and irrespective of their geographical location. More specifically, the HLF should identify:

- Areas where further action may be needed or where a different policy approach might be necessary; and
- Long-term trends, such as those triggered by technological development, possible Brexit and sustainability considerations, that will impact the future of Europe’s capital markets and its integration process, including the completion of the EMU.

2. Features of the Group

2.1. COMPOSITION

The group shall consist of up to 28 members. Members shall be individuals appointed in a personal capacity and individuals appointed to represent a common interest.

Members appointed in a personal capacity shall act independently and in the public interest. Members appointed to represent a common interest shall not represent an individual stakeholder, but a policy orientation common to different stakeholder organisations.

2.2. APPOINTMENT

Members shall be appointed by the Director-General of DG FISMA from applicants complying with the requirements referred to in chapter 4 of this call.

Members shall be appointed for the duration of existence of the expert group which is 8 months, and an extension of the term by 2 months (up to a maximum term of 10 months) may be granted by the Commission if deemed necessary for the competition of the group’s mandate and tasks.
DG FISMA shall appoint alternate members, in accordance with the same conditions as members, who shall automatically replace any members who are absent or indisposed.

In order to ensure continuity and the smooth functioning of the group, DG FISMA shall establish a reserve list of suitable candidates that may be used to appoint replacements. DG FISMA shall ask applicants for their consent before including their names on the reserve list.

Members who are no longer capable of contributing effectively to the group’s deliberations, who in the opinion of DG FISMA do not comply with the conditions set out in Article 339 of the Treaty on the Functioning of the European Union or who resign, shall no longer be invited to participate in any meetings of the group and may be replaced for the remainder of their term of office.

2.3 RULES OF ENGAGEMENT AND OPERATION OF THE GROUP

DG FISMA shall appoint the Chairperson of the group and the three Chairs of subgroups from among the members of the group.

The group shall act at the request of DG FISMA, in compliance with the Commission’s horizontal rules on expert groups (‘the horizontal rules’).

The groups’ work, in principle, will be organised in individual subgroup meetings. Without prejudice to future discussions in the HLF, the work of the three subgroups could indicatively focus on the following three areas:

1. **The creation of an ecosystem enabling greater cross border capital raising, with special focus on innovative SMEs.** The discussion could assess progress in the creation of an ecosystem able to cater for local needs and cross-border development of capital markets. This includes the discussion on potential use of targeted public support (at national or EU level) to promote market-based financing (e.g. private equity or venture capital), on incentivised access to public markets via Initial Public Offerings for Small and Medium Enterprises (IPOs), as well as on how to make financial and non-financial company data more accessible and comparable (e.g. accounting data).

2. **How to develop a European capital market architecture, with special focus on how new financial technologies can support this process.** This includes, for instance, reflection on policies on how to reduce structural barriers among legal systems (e.g. some insolvency procedures) and taxation procedures, how to make market infrastructure more efficient and integrated, as well as to promote solutions to foster more uniform enforcement and application of rules across the EU, including through better supervisory convergence.

3. **Investment choice and accessibility to capital markets services to promote greater retail investors’ participation.** This includes ways to inform the policy debate on how to remove major barriers to the cross-border provision of retail investment services and products. For example, the HLF could explore ways to foster the supply of more suitable retail investment products, which are easy to compare and understand.

Under the drafting support of the Secretariat, subgroups should produce a set of targeted and concrete policy recommendations to be delivered in the Final Report to be published in May 2020. The Interim report should be delivered in February 2020.

---

1 See Article 13.1 of the horizontal rules.
Inputs from the subgroups should be merged in a final report from the group to DG FISMA, following advice and approval of the members. Subgroups should meet regularly to prepare their contribution to the report, at the frequency determined by the respective sub-Chair.

The HLF and subgroups should, in principle, adopt their opinions, recommendations or reports by consensus. If consensus cannot be reached, a vote should take place. The outcome of the vote should be decided by simple majority of the members.

In principle, the group should meet up to 8 times on Commission premises in order to collect evidence and views from various stakeholders and work towards ensuring that the CMU objectives are grounded in a robust economic narrative. DG FISMA will provide secretarial services, including technical input and drafting support for the Interim and Final Reports.

Members should be prepared to attend meetings systematically, to contribute actively to discussions in the group, to be involved in preparatory work ahead of meetings, to examine and provide comments on documents under discussion, and to act, as appropriate, as 'rapporteurs' on ad hoc basis.

As a general rule, working documents will be drafted in English and meetings will be also conducted in English.

In agreement with DG FISMA, the group may, by simple majority of its members, decide that deliberations shall be public.

Participants in the activities of the group and sub-groups shall not be remunerated for the services they offer. Travel and subsistence expenses incurred by participants in the activities of the group and sub-groups shall be reimbursed by the Commission only in the case of participants from academia and/or civil societies. Reimbursement shall be made in accordance with the provisions in force within the Commission and within the limits of the available appropriations allocated to the Commission departments under the annual procedure for the allocation of resources.

The members of the group and their representatives, as well as invited experts, are subject to the obligation of professional secrecy, which by virtue of the Treaties and the rules implementing them applies to all members of the institutions and their staff, as well as to the Commission's rules on security regarding the protection of Union classified information, laid down in Commission Decisions (EU, Euratom) 2015/443\(^2\) and 2015/444\(^3\). Should they fail to respect these obligations, the Commission may take all appropriate measures.

On a proposal by and in agreement with DG FISMA the group shall adopt its rules of procedure on the basis of the standard rules of procedure for expert groups.

DG FISMA may invite experts with specific expertise with respect to a subject matter on the agenda to take part in the work of the group or sub-groups on an ad hoc basis. Their expenses will, however, not be reimbursed by the Commission.

DG FISMA may set up additional sub-groups for the purpose of examining specific questions on the basis of terms of reference defined by DG FISMA. These additional

---

sub-groups shall operate in compliance with the horizontal rules and shall report to the
group. They shall be dissolved as soon as their mandate is fulfilled.

2.4. Transparency

The group shall be registered in the Register of Commission expert groups and other
similar entities (‘the Register of expert groups’)\(^4\).

As concerns the group composition, DG FISMA shall publish the name of individuals
appointed in a personal capacity on the Register of expert groups and the name of
individuals appointed to represent a common interest; the interest represented shall be
disclosed

DG FISMA shall make available all relevant documents, including the agendas, the
minutes and the participants’ submissions, either on the Register of expert groups or via a
link from the Register to a dedicated website, where this information can be found.
Access to dedicated websites shall not be submitted to user registration or any other
restriction. In particular, DG FISMA shall ensure publication of the agenda and other
relevant background documents in due time ahead of the meeting, followed by timely
publication of minutes. Exceptions to publication shall only be foreseen where it is
deemed that disclosure of a document would undermine the protection of a public or
private interest as defined in Article 4 of Regulation (EC) N° 1049/2001\(^5\).

Personal data shall be collected, processed and published in accordance with

3. Application procedure

Interested individuals are invited to submit their application to the European
Commission, DG FISMA.

Applications must be completed in one of the official languages of the European Union.
However, applications in English would facilitate the evaluation procedure. If another
language is used, it would be helpful to include a summary of the application in English.

An application will be deemed admissible only if it is sent by the deadline and includes
the documents referred to below. All documents submitted by applicants should be duly
filled in, legible, signed and numbered sequentially.

Supporting documents

Each application shall include the following documents:

– a cover letter explaining the applicant's motivation for answering this call and stating
what contribution the applicant could make to the group;

– a classification form duly filled in specifying the member category for which the
application is made (Annex I).

– a selection criteria form duly filled in documenting how the applicant fulfills the
selection criteria listed in chapter 4 of this call (Annex II).

\(^4\) [http://ec.europa.eu/transparency/regexpert/index.cfm]

\(^5\) These exceptions are intended to protect public security, military affairs, international relations,
financial, monetary or economic policy, privacy and integrity of the individual, commercial interests,
court proceedings and legal advice, inspections/investigations/audits and the institution's decision-
making process.
– an order of priority and justification for the choice of subgroups (by duly filling in the provided template (Annex III));

Individuals applying to be appointed as members of the group in a personal capacity must disclose any circumstances that could give rise to a conflict of interest by submitting a declaration of interests ('DOI') form on the basis of the standard DOI form for expert groups attached to this call (Annex III). Submission of a duly completed DOI form is necessary in order to be eligible to be appointed in a personal capacity. Individuals who answer in the affirmative questions included in the DOI form are required to supply further details by filling in the section ‘Description’. DG FISMA shall perform the conflict of interest assessment in compliance with the horizontal rules.

Additional supporting documents (e.g. publications) may be requested at a later stage.

**Deadline for application**

The duly signed applications must be sent by 7 November 2019 at the latest. The date of sending will be established as follows:

DG FISMA will take the following minimum criteria into account when assessing applications of the individuals:

– A top senior executive position (e.g. President, Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Board Member, Chair, Secretary General or similar function) with an undertaking active in an area of relevance to capital markets or with a potential interest in capital markets (e.g. corporates, including SMEs); or

27 Regulation (EU) 2018/1725 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data.

Annex V: Guidance for filling in the declaration of interests (DOI) form by individuals applying to be appointed as members of expert groups or sub-groups in a personal capacity

According to the Commission’s horizontal rules on expert groups (‘the horizontal rules’), Commission expert groups and other similar entities are consultative bodies, the role of which is to provide advice and expertise to the Commission and its departments in relation to a number of tasks. Individuals appointed as members of expert groups or sub-groups in a personal capacity are due to act independently and in the public interest.

In order to ensure the highest integrity of experts, you are requested to duly complete the DOI form. You are required to disclose any circumstances that could give rise to a conflict of interest, i.e. any situation where your interests may compromise or may reasonably be perceived to compromise your capacity to act independently and in the public interest in providing advice to the Commission, in relation to the subject of the work performed by the expert group or sub-group in question. In particular, you must disclose in this DOI form any relevant professional and financial interests.

You must also declare relevant interests of your immediate family members. If interests of your immediate family members are declared, it is your responsibility to inform them about the collection and publication of information on their interests included in this DOI form and to provide them with the privacy statement attached to this guidance, and this at the latest when you file the DOI form with the Commission.

Please submit the completed DOI form to the competent Commission department, together with your CV, as part of your application to become member of an expert group or sub-group in a personal capacity. If there is any change concerning the information provided in the form, including on upcoming activities, you must promptly inform the competent Commission departments by completing a new DOI form which describes the changes in question.

Please note that having a declared interest does not necessarily mean having a conflict of interest. Answering "Yes" to a question on this DOI form does not automatically disqualify you or limit your participation in an expert group or sub-group. The competent Commission departments will review your answers in accordance with the horizontal rules and determine whether a conflict of interest relevant to the subject at hand exists.

Where the competent Commission departments conclude that no conflict of interest exists, you are eligible to be appointed in a personal capacity. Where the competent Commission departments conclude that your interests may compromise or be reasonably perceived to compromise your capacity to act independently and in the public interest when providing advice to the Commission in relation to the subject of the work performed by the expert group or sub-group in question, they shall take one of the following measures to deal with the conflict of interest detected, depending on the specific circumstances:

- You shall not be appointed in a personal capacity to the expert group or sub-group in question; in such case the competent Commission department shall inform you about the outcome of the conflict of interest assessment performed;

29 C(2016) 3301, Article 2.1.
30 Idem, Article 3.
31 Idem, Article 7.2. (a).
32 Idem, Article 11.
- You shall be appointed as member of the expert group or sub-group in a personal capacity with a number of specific restrictions: you may be excluded from certain meetings and/or activities carried out by the group, such as drafting opinions or recommendations; you may also be required to abstain from discussing certain agenda items and/or from any vote on those items;

- You shall be appointed as member of the expert group or sub-group representing a common interest shared by a number of stakeholders, after consultation of the stakeholders concerned.

Your DOI form shall be made publicly available on the Register of Commission Expert Groups and Other Similar Entities, as long as you are appointed as member of the expert group or sub-group in a personal capacity. Technical measures will be taken to indicate to search engines that your DOI form should not appear in search results.

If you decline to complete a DOI form, you are not eligible to be appointed as a member of the expert group or sub-group in question in a personal capacity.

1. **Introduction**

The European Commission (hereafter ‘the Commission’) is committed to protect your personal data and to respect your privacy. The Commission collects and further processes personal data pursuant to Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (repealing Regulation (EC) No 45/2001).

This privacy statement explains the reasons for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, of the Data Protection Officer and of the European Data Protection Supervisor.

This privacy statement concerns the following processing operations:

(1) “selection of members of the expert groups” undertaken by the Commission service which runs the selection process for your group and which is the Data Controller for the selection process, and

(2) “publication of personal data on the Register of expert groups” undertaken by the Commission, Secretariat-General, Unit G.4 which is the Data Controller together with the Commission service managing your group.

As a rule, the selection of expert group members is carried out via public calls for applications, except for Member States’ authorities and other public entities and for certain representative bodies established by Union legislation for advice in specific areas.

The Register of expert groups is a public database containing a list of Commission expert groups and other similar entities and their sub-groups. For each expert group, the Register provides valuable information including personal data on the members of the expert groups, and their alternate, if any, members’ representatives, as well as of the groups' observers and their representatives. The Register also includes documents that are produced and discussed by expert groups and which can contain personal data.

2. **Why and how do we process your personal data?**

**Purpose of the processing operations:**

The Data Controllers collect and use your personal data to manage expert groups, in particular by selecting their members and observers, and to ensure transparency on expert groups’ membership and activities. In that context, in order to select among the applicants who best fulfil the selection criteria mentioned in the call for applications, Commission services collect and assess personal information of candidate members and observers of the expert groups, of representatives of candidate members and observers, and of immediate family members of candidate members and observers appointed in personal capacity.
Furthermore, Commission services collect and assess personal information of observers and members’ and observers’ representatives of the expert groups which are not selected through a public call for applications.

For candidates, personal data is stored by the Commission service managing the expert group. Some types of personal data of members appointed in personal capacity are made publicly available on the Register of expert groups (as described under sections 4 and 5 of this privacy statement). The names of the representatives of organisations, Member States and other public entities, as well as the name of specific national departments or other public authority which they represent may also be made publicly available on the Register of expert groups.

Your personal data will not be used for an automated decision-making including profiling.

3. **On what legal ground(s) do we process your personal data**

We process your personal data, because processing is necessary for the performance of a task carried out in the public interest (Article 5(1)(a) of Regulation (EU) No 2018/1725), since it allows for the selection of members of expert groups (individuals appointed as members in a personal capacity, individuals appointed to represent a common interest and organisations) and also increases the transparency on expert groups. Processing is also necessary to comply with a legal obligation to which the controller is subject (Article 5(1) b) of Regulation (EU) No 2018/1725). The Union act for such necessary processing under Article 5(1)(a) and (b) of Regulation (EU) No 2018/1725 is Commission Decision C(2016)3301 of 30 May 2016 establishing horizontal rules on the creation and operation of Commission expert groups and in particular Articles 10 and 22 thereof.

As regards, in particular, the declarations of interests filled in by candidate members to be appointed in a personal capacity in expert groups, the processing of personal data serves the public interest of enabling the Commission to verify in the process of selection the experts' independence in providing advice to the Commission. Furthermore, the public disclosure of declarations of interests of those experts once appointed allows for public scrutiny of the interests declared by these experts, which is necessary in order to ensure public confidence in the independence of these experts. The public disclosure of declarations of interests also ensures a high degree of transparency with respect to the membership of expert groups and aims at contributing to fostering the integrity of the experts in question.

Any publication of names of the representatives of organisations, Member States’ authorities and other public entities in the Register of expert groups is based on consent (Article 5(1)(d) of Regulation (EU) 2018/1725).

4. **Which personal data do we collect and further process?**

In order to carry out these processing operations, the Data Controller may collect the following categories of personal data:

- *Name;*
- *Function;*
• Contact details (for example, e-mail address, telephone number, mobile telephone number, fax number, postal address, company and department, country of residence);

• Information for the evaluation of selection criteria or eligibility criteria (for example, expertise, technical skills and languages, educational background, professional experience, including details on current and past employment);

• Nationality;

• Gender;

• Interest represented (only for individuals applying to be appointed as members of expert groups or sub-groups representing a common interest shared by stakeholders in a particular policy area and for organisations applying to be appointed as members of expert groups or sub-groups, as well as for their designated representatives);

• Information included in the declarations of interests, including personal data of immediate family members as required in the declaration of interests (only for individuals applying to be appointed as members of expert groups or sub-groups in a personal capacity).

The provision to the Commission service of the personal data required is mandatory to meet a legal requirement of selecting members of expert groups as set in Commission Decision C(2016)3301. In principle, the types of personal data listed above, with the exception of contact details and information for the evaluation of selection criteria or eligibility criteria, are made publicly available on the Register of expert groups, in order to comply with the legal requirement to ensure transparency on the composition and functioning of expert groups. If you do not provide the personal data required, possible consequences are that you will not be considered for selection as a member of an expert group or, if already selected, your membership will be suspended.

With the prior freely given, specific, informed and unambiguous consent of the representatives of organisations, Member States’ authorities and other public entities, their names may also be published on the Register.

5. How long do we keep your personal data?

The Data Controller only keeps your personal data for the time necessary to fulfil the purpose of collection or further processing. The following modalities apply:

- The competent Commission services keep personal data submitted to them as part of rejected applications for six months after the end of the selection process and do not process them for other purposes; these data are not published on the Register of expert groups.

- The expert group and some types of personal data of its members and observers, as described in section 4, are published on the Register of expert groups during the duration of existence of the expert group.

- When an individual is no longer member or observer or representative of a member or observer of an expert group listed in the Register of expert groups, all personal data related to this individual, including a declaration of interests, is removed from the Register and is therefore not public anymore.

- The competent Commission services keep personal data for the period during which the relevant individual is a member or an observer or a representative of a
member or of an observer of the group and for five years after the date on which
the individual is no longer member or observer or representative of a member or
observer of the group.

- When a group is closed down, it remains published in the Register of expert
groups for five years, with the indication 'Closed'. Those types of personal data
other than the declarations of interests of members and observers appointed in
personal capacity that were published while the group was active remain visible
on the Register of expert groups during these five years. On the contrary, the said
declarations of interests are removed from the Register after closure of a group
and are therefore not public anymore; they are however kept by the competent
Commission service for a period of five years after the closure of the group.

- An XML file is created daily with all the information regarding active groups. All
versions of this file, showing the situation of the Register of expert groups as of
the day it was created, are stored in a file server for 5 years and are not public.

6. **How do we protect and safeguard your personal data?**

Personal data submitted in paper form is stored in the competent Commission service. All personal data in electronic format (e-mails, documents, databases, uploaded batches of data, etc.) are stored either on the servers of the Commission or of its contractors. All processing operations are carried out pursuant to the [Commission Decision (EU, Euratom) 2017/46](https://eur-lex.europa.eu/eli/decision/2017/46/oj) of 10 January 2017 on the security of communication and information systems in the European Commission.

The Commission’s contractors are bound by a specific contractual clause for any processing operations of your data on behalf of the Commission, and by the confidentiality obligations deriving from the General Data Protection Regulation in the EU Member States (‘GDPR’ [Regulation (EU) 2016/679](https://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=CELEX:32016R0679:en:TO)).

In order to protect your personal data, the Commission has put in place a number of technical and organisational measures. Technical measures include appropriate actions to address online security, risk of data loss, alteration of data or unauthorised access, taking into consideration the risk presented by the processing and the nature of the personal data being processed. Organisational measures include restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.

7. **Who has access to your personal data and to whom is it disclosed?**

Access to your personal data collected in the course of the process of selection of members of expert groups is provided to the Commission staff responsible for carrying out this processing operation and to authorised staff according to the “need to know” principle. Such staff abide by statutory, and when required, additional confidentiality agreements.

Certain personal data collected, as explained in sections 4 and 5, is publicly available on the Register of expert groups.

The XML files referred to in section 5 are only accessible to a reduced number of users in the Secretariat-General (System Owner) and IT development team within the Commission (System Supplier).
8. **What are your rights and how can you exercise them?**

You have specific rights as a ‘data subject’ under Chapter II (Articles 14-25) of Regulation (EU) 2018/1725, in particular the right to access your personal data and to rectify them in case your personal data is inaccurate or incomplete. Under certain conditions, you have the right to erase your personal data, to restrict the processing of your personal data, to object to the processing and the right to data portability.

You have the right to object to the processing of your personal data on grounds relating to your particular situation in accordance with Article 23(1) of Regulation (EU) 2018/1725.

As indicated in section 4, if you are a representative of an organisation, Member State or another public entity, you may consent to have your name published on the Register of expert groups. You can withdraw your consent at any time by notifying the Data Controller. The withdrawal will not affect the lawfulness of the processing carried out before you have withdrawn the consent.

Finally, and only as regards the publication of your name on the Register of expert groups, you may submit a request to the competent Commission service for a derogation where justified on compelling legitimate grounds in relation to your specific situation (such as the case where the publication of your name on the Register of expert groups could endanger your security or integrity).

You can exercise your rights by contacting the Data Controller or, in case of conflict, the Data Protection Officer. If necessary, you can also address the European Data Protection Supervisor. Their contact information is given under section 9 below.

Where you wish to exercise your rights in the context of one or several specific processing operations, please provide their description (i.e. their Record reference(s) as specified under Heading 9 below) in your request.

Any request for access to personal data will be handled within one month. Any other request mentioned above will be addressed within 15 working days.
