ESG Standard Web Platform

SUPPORTING INITIATIVES

FREE WEBINARS FOR SMEs

In 2023, PCC organized 5 free webinars on ESG for entrepreneurs. Each of these online events was attended by an average of 300 participants. This allowed us to build a database of direct reach to nearly 2,000 people interested in ESG issues.

ESG SCHOOL

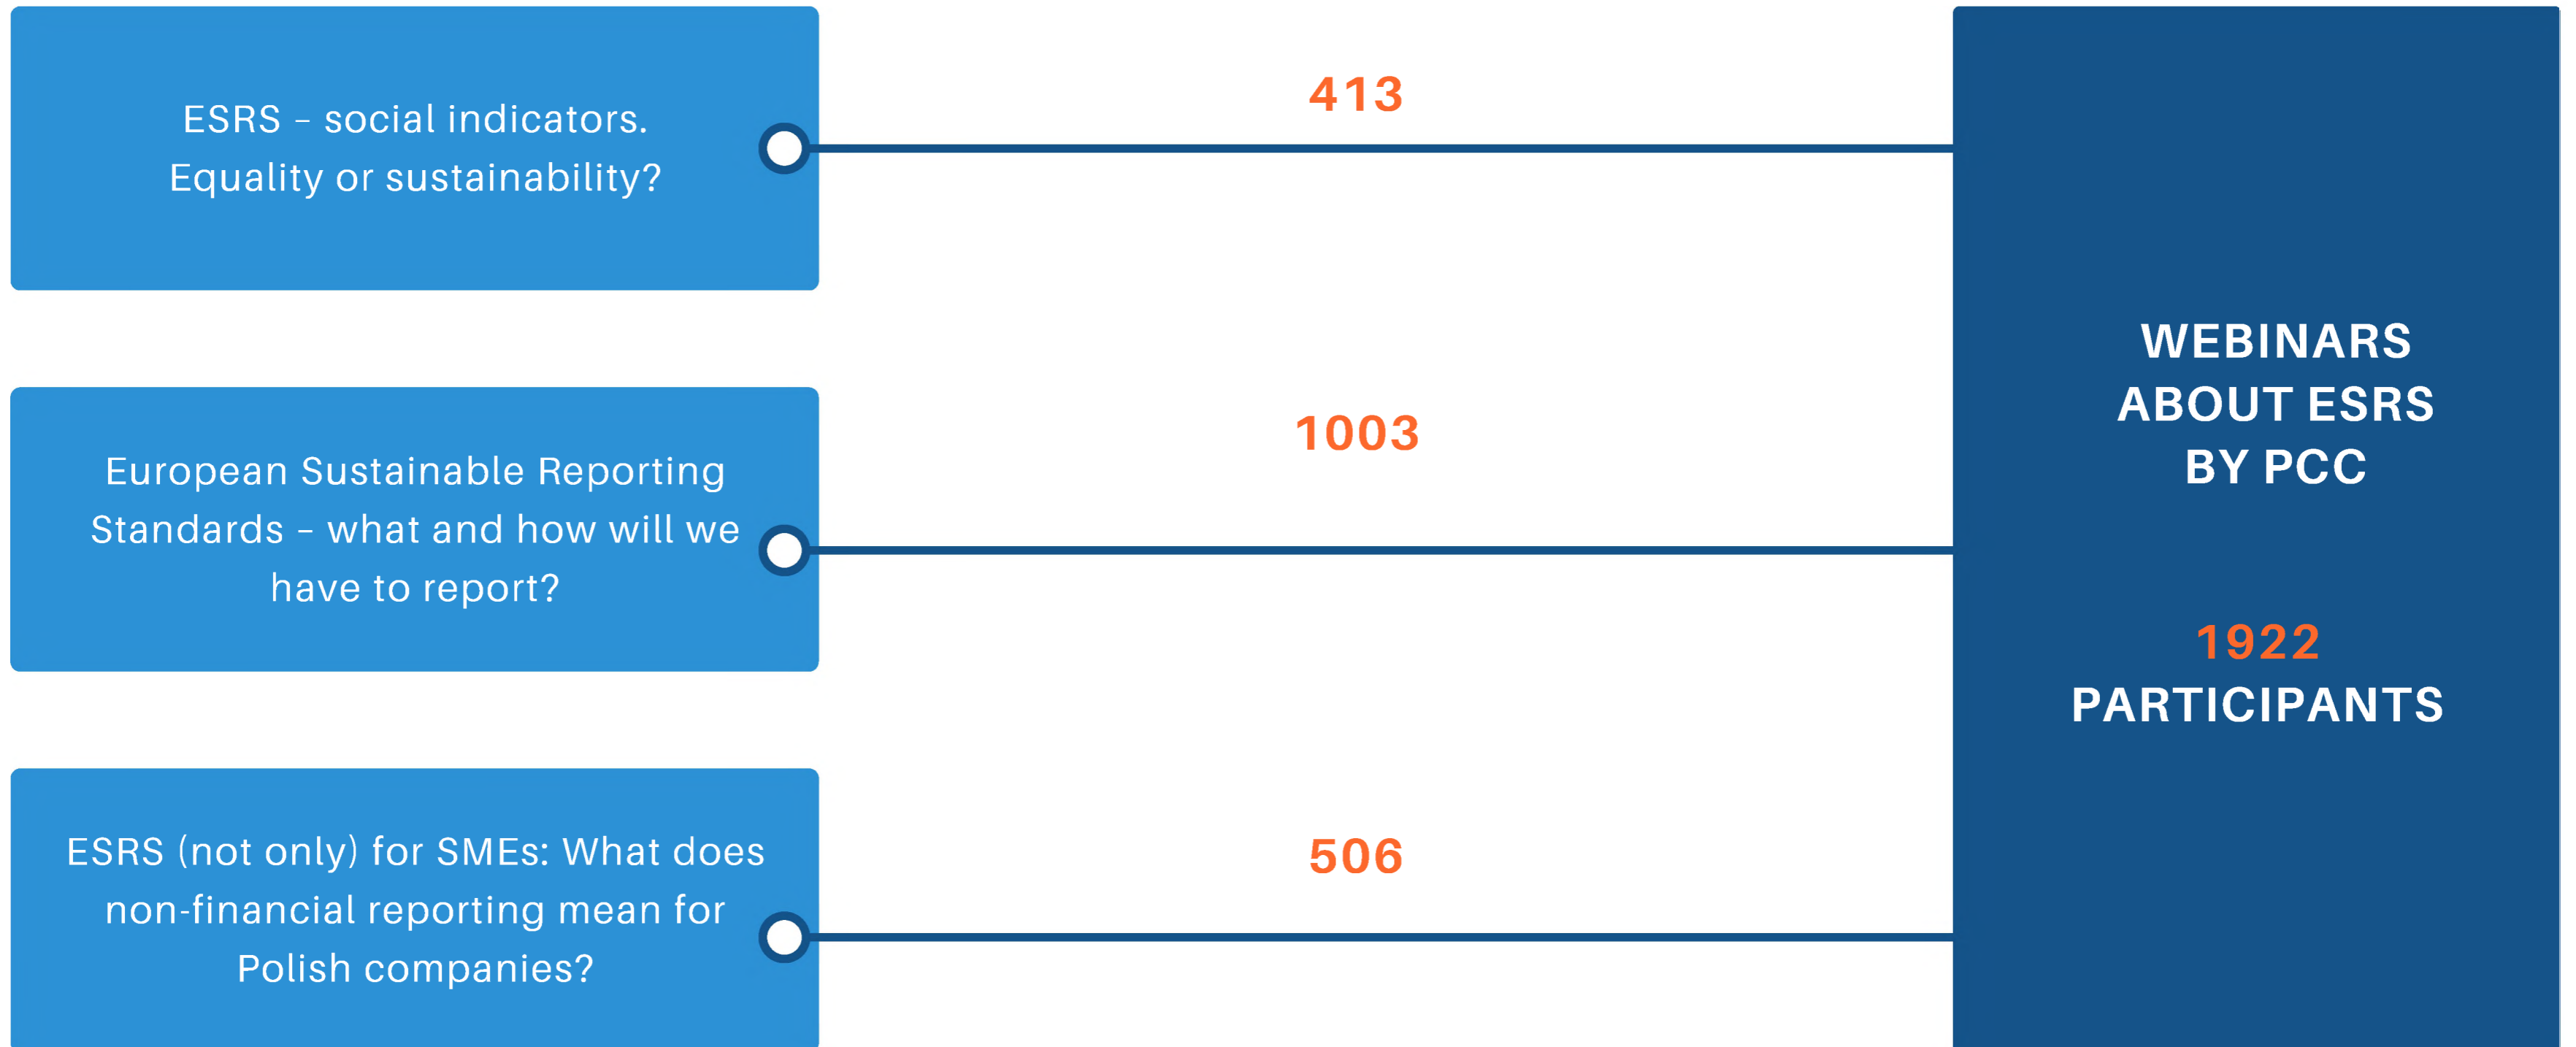

ESG School is an initiative of the Polish Chamber of Commerce, created in cooperation with ADN Akademia. The purpose is to educate employees about the changes brought about by sustainable development policies, and also to enable them to develop and implement these policies within their organizations.

ESG STANDARD PLATFORM

- ESG in 5 steps - how to introduce sustainability in your organization
- Guidebook - Sustainable Management System (SMS)
- VSME ED translation to Polish
- Online tool for SMEs

Free Educational Webinars

WE TRAINED 332 PEOPLE FROM 239 COMPANIES

WE OFFER 4 TRAINING PATHS AND 15 WORKSHOPS

WE COMPLETED 20 CLOSED TRAINING SESSIONS

ESG Standard Platform

- One stop shop for non-listed SMEs
- Guidebooks and tools relevant to their level of ESG understanding

INTERMEDIATE LEVEL

Online tool to be able to follow ESG implementation progress, based on VSME and SMS

AN SMEs SELFASSESSMENT, ANALYSIS AND REPORTING TOOL

Dynamic, AI augmented self assessment, adjusted to the local market

Automated gap analysis, self gap management

Audit and expert review options

The screenshot displays the 'findings.' self-assessment tool interface. On the left, a dark sidebar contains navigation options: Recent, Overview, Customers, Assessments, Findings, and Showcases. The main content area is titled 'My customers (Findings Frameworks)' and shows 'VSME VE Business Partners Module assessment framework (Vendors/Value Chain) - Updated' with a progress bar at 82.6%. Below this, a list of 11 categories is shown, with '6. BP6 - Hazardous Waste and/or Radioacti...' selected. An 'Upload files' section is visible below the categories. The right side of the interface shows a detailed view of a control question: '6.01 80) If the organization generates hazardous and/or radioactive waste, has it disclosed the total amount of hazardous waste and/or radioactive waste generated?'. The question includes a note about paragraph 80 of Directive 2011/70/Euratom. The user has selected 'Yes'. An 'AI-POWERED' tooltip is open, explaining the control's purpose. At the bottom, there are 'BACK' and 'NEXT CATEGORY' buttons.

We are into SDGs!
